DESCRIPTION OF REQUIREMENTS

The United Nations Peacekeeping Force in Cyprus (UNFICYP) wishes to decarbonize its energy supply systems and reduce its environmental footprint. The Mission has an overall objective of transitioning to renewable energy sources to gradually achieve the UN Secretary General's target for reaching 80% renewable energy by 2030.

To achieve these ambitious objectives, UNFICYP wishes to explore the available market options to source renewable energy for its sites, from an authorized Supplier in Cyprus. The Supplier will sell electricity to UNFICYP at an all-inclusive rate, with a 100% guarantee of origin from renewable energy sources.

The amount of renewable energy required is approximately 3.5 GWh annually, which will be delivered through a decentralized renewable energy power plants and connected to the grid of the electricity authority of Cyprus (EAC). The Supplier must possess or have the ability to obtain all the necessary authorizations from the local authorities, to perform required services for a projected period of five (5) years with a possible extension of an additional five (5) years.

The approximate daily profile of the required renewable energy is provided below:

SPECIFIC REQUIREMENTS / INFORMATION (IF ANY)

UNFICYP is looking for a competent and qualified company or formal consortium of companies, with a legal authorization from the government to commercialize the produced green energy. The agreement for supply of renewable energy supply is expected for a duration of 5 years, in line with UN General Conditions of Contract, including the following breakdown of works and services:

- a. Supply 3.5 GWh of 100% certified renewable electricity to UNFICYP annually.
- b. Provide the electricity through own existing renewable energy power plants connected to the Cyprus electricity grid, and/or through the purchase from local/international renewable energy producers to supply energy to UNFICYP.
- c. Provide a financing mechanism, allowing UNFICYP to incur no upfront capex for the agreement to purchase renewable energy, and allow UNFICYP to pay the Vendor through an all-inclusive fee (USD/kWh) including Renewable Energy Credits from the renewable energy generation (if applicable).
- d. Obtain all relevant permits and licenses to own, operate and commercialize energy in Cyprus from the local government and energy authorities (the UN will not assist in obtaining permits or such).

REQUESTED INFORMATION

Vendors/Companies interested in this published RFI should submit the following documentation on or before 30 April 2024.
