## On Inspection at UNFICYP HQ

Force Commander visits FMPU, UN Flight, Force Engineers and the MFR

Major General Kristin Lund began inspections in the HQ, with visits to the Force Military Police Unit (FMPU), UN Flight, Force Engineers and Mobile Force Reserve (MFR). The Force Commander's Inspections are critical to ensuring the operational readiness of the Units involved - it's an opportunity for the FC to see the technical skillset and response capabilities of personnel, to check on equipment and assets, and to get feedback on challenges and needs to further improve our peacekeepers' capacities to carry out their duties.

FMPU

UN Flight

Force Engineers

MFR
