UN Security Council Debates Question of Dominican Republic

The U.N. Security Council last week twice postponed a vote on the Soviet draft resolution condemning U.S. intervention in the Dominican Republic and asking for the immediate withdrawal of United States forces.

The Council first decided to postpone its vote on Thursday, 6 May, and again on Friday, 7 May, the first time at the request of Uruguay and the second time at the request of Uruguay and Jordan. The Council was scheduled to meet again yesterday Tuesday, 11 May.

The second delay came at the end of close to three hours of debate in which the Orga-

Tiedotustoiminnasta Kyproksella

Tiedotusasiat ja niiden hoito muodostaa nykyään varsin elimillisen osan minkä tahansa inhimillisen yhteisön toiminnassa. Tämän vuoksi niiden oikea, asiallinen ja onnistunut hoito on erittäin tärkeää nimenomaan vaikeaa kansainvälistä tehtävää suorittavalle joukko-osastolle kuten YKSP 3:lle. Koska meille suomalaisille tähän alaan kuuluvat asiat lienevät uusia eikä meillä monestikaan ole paljoa kokemuksia näiden asioiden hoidosta lienee syytä paneutua lyhyesti aiheeseen myös tämän lehden palstoilla.

Tehtävistä HQ UNFICYP tasolla

Todettakoon alkajaisiksi, että YK:n turvajoukkojen toiminta Kyproksella edellyttää nopeaa ja asiallista tiedotuspalvelua niin kansainvälisen, paikallisen kuin joukkoja lähettäneitten valtioiden kotimaan joukkotiedotusvälineitten tarpeita, varten. Tätä silmälläpitäen on turvajoukkojen esikuntaan, operatiivisen toimiston yhteyteen, komentajan ja poliittisen sihteeriston alaisuuteen, perustettu erillinen tiedotustoimisto (PIO, Public Information Office), jonka ensisijaisena tehtävänä on olla vastuussa kaikesta Yhdistyneitä Kansakuntia ja sen Kyproksella toimivia turvajoukkoja koskevasta tiedotustoiminnasta.

Tiedotustoimisto on siis ainoa virallinen läbde turvajoukkoja koskevissa sot. ja siv poliittisissa tiedotusasioissa. Tassa ominaisuudessa se järjestää lehdistötilaisuuksia, antaa lausuntoja, ilmoituksia ja toimittaa kuva-, filmi ja äänitysmateriaalia joukkotiedotusvälineitten edustajille. Se pitää yhteyttä riittäosapuolien tiedotusviranomaisiin ja järjestää lehdistön edustajille asiaankuuluvat kuku- ja liikkumisluvat vierailuja varten eri joukko-osastoissa. Sen tehtävänä on myös pitää luetteloa lehdistön edustajista ja vastata turvajoukkojen yhteisjulkaisun 'Blue Beretin' toimittamisesta ja jakelusta.

Toimintaa varten tiedotustoimisto on jaettu kahteen osaan a) poliittiseen ja b) sotilastiedotusjohtoon.

a.) Poliittisella puolella on vastaavana turvajoukkojen tiedotuspäällikkö (PIO; Principal Information Officer), joka samalla toimii koko toimiston päällikkönä. Hänen tehtävänä on olla ensisijaisessa vastuussa siitä, että tiedotustoiminta kattaaltaan vastaa Yhdistyneitten Kansakuntien sille asettamia poliittisia muotoja. Toiminta on erittäin herkkää ulkopuoliselle arvostelulle, minka vuoksi se vaatii toteuttajaltaan erittäin suurta taitoa ja kokemusta. Tässä mielessä tiedotuspäällikkö on jatkuvassa, yhteydessä YK:n New Yorkin päämajaan, Geneven toimistoon, paasishteerin Kyproksella toimivaan erikoisvaltuutettuun, turvajoukkojen komentajaan ja poliittiseen sihteeristöön. Hänen apunaan siviilitiedotusjohtossa toimii kaksi YK:n päämajan lähettämää lehdistösihteeria.

b.) Sotilastiedotusjohtoon päällikkönä toimii everstiluutnantin arvoisen sotilastiedotuspäällikkö (M. P.I.O.; Military Public Information Officer), joka turvajoukkojen komentajan alaisena ja kiinteässä yhteistoiminnassa operatiivisen toimiston kanssa vastaa siitä, että tiedotusasiat tulevat hoidetuiksi nimenomaan operatiiviset ja sotilaspoliittiset näkökohdat huomioonottaen. Hän huolehtii myös siitä,

että sotilasjohtoon tai joukko-osastojen tiedotushenkilöstön kautta joukkotiedotusvälineitten edustajat eivät saa tietoonsa mitään sotilastai poliittisluontoista aineistoa ilman, että tiedotustoimisto olisi asiasta tietoinen tai antanut siihen luvan.

Sotilastiedotuspäällikön suoraanaisina alaisina toimistossa toimii kolme lehdistöupseeria (AMPIO; Assistant Military Public Information Officer), jotka vakanssit turvajoukkojen esikunnan tämänhetkisen organisaation mukaan on annettu englantilaisen, irlantilaisen ja suomalaisen tiedotusupseerin hoidettaviksi. Toimiston henkilökuntaan kuuluu lisäksi pari aukirjuria, valokuvaaja ja autonkuljettajia.

Tehtävistä joukko-osastotasolla

Tiedotusasioiden tehokas hoito edellyttää kuitenkin huomattavaa toiminnallista panosta kunkin kansallisen joukko-osaston taholta. Tässä mielessä jokaisen kontingentin esikuntaan on perustettu erillinen tiedotusupseerin (PRO; Public Relations Officer) virka.

Turvajoukkojen ns. pysyväismääräysten antamien ohjeitten mukaan tiedotusupseeri, joka toimii kontingentin komentajan ja lehdistöupseerin alaisena, on ensisijaisessa vastuussa siitä, että turvajoukkojen tiedotustoimisto on selvillä kaikista ulkomaisille tai paikallisilla joukkotiedotusvälineitten edustajille annettavista haastatteluista, kuvauksista, filmauksista, lausunnoista yms. alaan kuuluvasta. Tämä koskee erikoisesti välikohtauksia ja vahingoittumisia koskevia ilmoituksia, joilla useinkin saatava olla poliittista merkitystä. Kuitenkin tiedotusupseerin tehtävät keskittyvät pääasiassa) joukko-osaston sisäisen tiedotustoiminnan, b) kotimaan joukkotiedotusvälineiden, c) tiedotusaineiston jakeluun, arkistointiin, yms. seikkoihin liittyvän toiminnan hoitamiseen.

a.) Joukko-osastoon kohdistuva eli sisäinen tiedotustoiminta tapahtuu tavallisesti kierto- ja uutis- ja tiedotuslehtisiä tai ääniradiota suomia kanavia hyväksi-käyttäen. Tiedotustoiminnan tulee sisältää esim. uutis- (paikallis-, koti- ja ulkomaan), loma-, koulutus-, viihde-, valistus-, urheilu-, komppania-, henkilö- yms. luontoisia asioita. Huomattakoon, että pataljoonan tiedotusupseeri toimii tässä suhteessa vain organisoivana, valvovana ja kokoavana henkilönä, kun taas ideointi, toteutus ja aineistonkeruu tapahtuu tavallisesti komppanioissa toimivien yhteyshenkilöitten kautta.

b.) Kotimaahan suuntautuvia tiedotustoiminta tapahtuu miltei yksinomaaisesti pataljoonan tiedotusupseerin vastuulla. Toiminta on

NEWS IN FINNISH

luonteeltaan palvelevaa, luovaa ja tuottavaa (opastus, haastattelut, artikkelit, kuvaukset, nauhotukset jne.) Tiedotusupseerin tulee kannustaa pataljoonan kuuluvia oma-kohtaisesti toimittamaan aineistoa kotimaan lehdistöä tai muita tiedotusvälineitä varten. Hänen on kuitenkin henkilökohtaisesti tarkastettava k.o. tuotteet ennen niiden kotimaahan toimittamista.

STORT IDROTTSINTRESSEHOS 30C VOLLEY-BOLLEY, BT FRAMST

Överstelöjtnant Harald Norgren är allmänt idrottsintresserad, som framgår av uppgifter på annan plats, och har hand om utbildningen på bataljonen. Som gammal allsvensk handbollsspelare koncentrerar han sig nu på volley bolley och har beordrat spel två gånger i veckan. Någon särskild idrottsofficer kommer inte att utse utan det blir en "sektionschef" för varje gren, såsom fotboll, burdtennis etc.

På tal om bt så tyckte stabsredaktören, kapten Leif Ström (idrottsredaktör i Malmö) att det var svårt att det inte fanns varken bord eller rackets och bollar på bataljonen. Eftersom han är en handlingsman kan skrev han ett brev till Bo Björkman i Svenska bordtennisför-

Resultatet blev att firma Gustner & Wiik från Huskvarna skickade ned två bordtennisbord till Afrodites ö, av vilka ett finns i Famagusta och det andra hos 3. komp i Larnaca. Med nästa lastfyll kommer rackets och bollar. Gissa om detta var populärt bland pojkar!

Enligt stabsredaktören har man för avsikt att starta en serie i bt för att så småningom få fram en bataljonsmästare.

c.) Paitsi joukko-osaston tiedotustoiminnan organisointiin, ohjaukseen ja toteutukseen liittyviä seikkoja, tiedotusupseerin on valvottava, että kaikki teksti-, kuva-, filmi, ääninauha yms. aineisto tulee asiallisesti jaetuksi ja arkistoiduksi. Sama koskee myös veljesjoukko-osastoilta saatavaa tiedotusmateriaalia. Tältä pohjalta lähtien hänen tulee myös suorittaa vertailuja ja tehdä rakentavia ehdotuksia toiminnassa ilmenneiden puutteiden koryaamiseksi

Eri kontingenteissa suoritettavassa sisäisessä ja ulkoisessa tiedotustoiminnassa näyttää esiintyvän huomattavia organisatorisia ja toiminnallisia eroja. Jonkinlaisena keskivertona voidaan kuitenkin pitää sellaista, jossa päällikönä toimii majurin arvoinen lehdistöupseeri. Hänen alaisenaan on tiedotusupseeri (kapt.), vanhempi toimittaja (vaap., sot. mest.), pari vanhempaa kirjuria, au valokuvaaja, filmaaja, autonkuljettajia ja perusköissä o.t.o. toimivia upseerin arvoisia yhteyshenkilöitä. gusta Turkish Football Club.

Det är synd att säga att Sverige hittills - har hävdat sitt goda fotbollsnamn här på Cypern, andra kompaniet fick "på nöten" med 7-1 och första kompaniet råkade nästan lika illa ut: 3-7.

Men man får också ta hänsyn till att grabbarna ligger ute i posteringar, har minimal träning bakom sig. Det kommer säkert att kunna bli bättre motstånd vad tiden lider.

Den 23 maj är en match planerad mellan ett bataljonslag och den turkiska Famagusta-klubben och vad man hittills sett av individuellt förmåga skall det nog finnas ganska hyfsade möjligheter att ställa en elva på benen som skall kunna hålla det svenska fotbollsnamnet uppe tills vårt landslag kommer till Nicosia för VM-spel i november.

I dag spelar STR-kompaniet mot samma turklag och troligen blir det ett möte den 16 maj mellan tredje kompaniet och Famagusta-turkarna.

Överstelöjtnant Harald Norgren

King's Hussars Arrive at Zyyi

"A" Squadron the 14/20th King's Hussars assumed United Nations responsibility at Zyyi at 1200 hours on Wednesday 5th May 1965.

The Squadron commanded by Major Robin Harris, will serve for up to six months with UNFICYP and will be under command of the 1st Battalion Grenadier Guards.

FORMATION OF THE REGIMENT

The 14th Light Dragoons were raised in July 1715 by Brigadier General James Dormer. The 20th Light Dragoons were raised in 1759 during the Seven Years War against the Austrians, Russians and French. Both Regiments amalgamated in 1922 at the Cavalry Barracks, Cologne — the 14th having become the 14th King's Hussars in 1861 and the 20th the 20th Hussars in 1863. In 1922 the amalgamated Regiment was known as the 14/20th Hussars and in 1936 became known as the 14/20th King's Hussars. 'A' Squadron was formed for the 20th Hussars.

SOME HISTORICAL HIGHLIGHTS

The 14th Light Dragoons were first in action on the 12th November 1715 when they attacked a Jacobite force at the Battle of Preston. When the rebels surrendered the 14th escorted the prisoners to Lancaster goal. The man recruiting area of the Regiment today is in Lancashire.

After Preston the 14th served for many years in Ireland. In 1794 some elements of the Regiment fought against the French Revolutionary Armies in Holland and in 1795 the Regiment was in action in San Domingo.

During the Peninsular War, where the Regiment was in high favour with the Duke of Wellington they gained one

of their treasured souvenirs. In the rout after the Battle of Vittoria on 21 June 1813, the 14th pursued the French and struck at their rearguard capturing a tumbril.

In the tumbril was the personal baggage of Napoleon's brother, King Joseph of Naples. Among it was Joseph's silver chamber pot complete with the engraved crest of the Napoleon family.

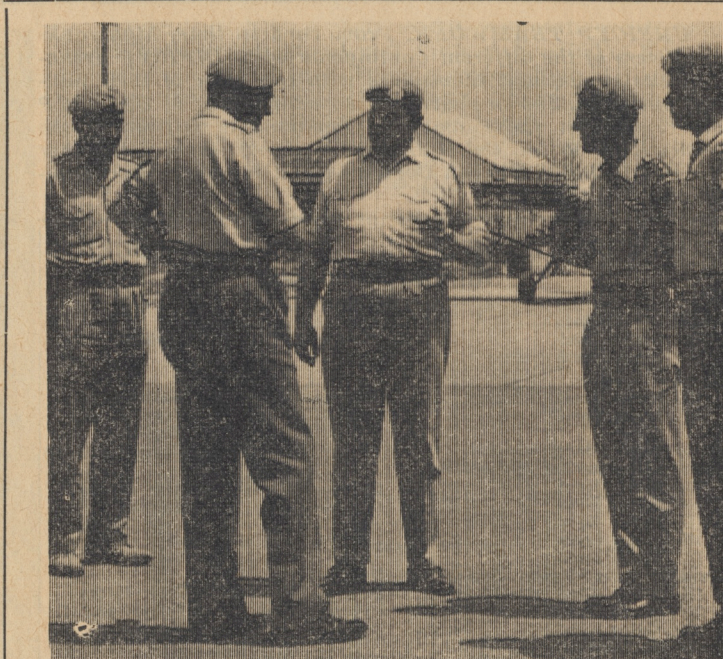

This pot known as "The Emperor" is filled with champagne and passed round the Officers Mess on Guest Nights. By tradition the last to drink, usually the most junior member, places the pot on his head when it is empty.

During the Sikh wars in 1858, Lt Leith won the Victoria Cross — the first to be gained by the Regiment.

In World War I the 14th fought mainly in Mesopotamia causing some confusion among the German forces, who could not understand why British troops wore the Prussian eagle in their caps, Princess Frederika of Prussia having in 1798 conferred on the Regiment its present cap badge, the Prussian Eagle—crest of the Royal House of Prussia.

One the 20th's most historic actions was fought at Vimeria (Peninsular War) on 20 August 1808 when the British Infantry were being hard pressed by enemy attacks and the French cavalry were

In a short ceremony on the 6th May 1965, thirty soldiers of 6 Flight, Army Air Corps were presented with UN Medals for service in Cyprus by Brigadier A.J. Wilson MBE, MC, UNFICYP Chief of Staff.

The parade was under the command of Major Keith Buchanan, OC 6 Flight AAC.

After having been welcomed by Major Buchanan, the Brigadier went along the ranks and presented a medal to each man.

After the presentation of medals was completed Brigadier Wilson said a few words to the 6 Flight. He thanked them for the very good work which they had already done in Cyprus.

The Flight is due to return to Middle Wallop on 12 August 65.

forming up for a charge. At this point the 20th was ordered to advance. As they passed the Duke of Wellington he shouted "Now 20th! Now's your chance".

They cut a path through the oncoming French Cavalry and rode down another body of reserve cavalry. They then charged a large number of Infantry and killed them to a man.

In World War II, the 14/20th were the armoured re-

giment of the Gurkha 43rd Lorried Infantry Brigade Group.

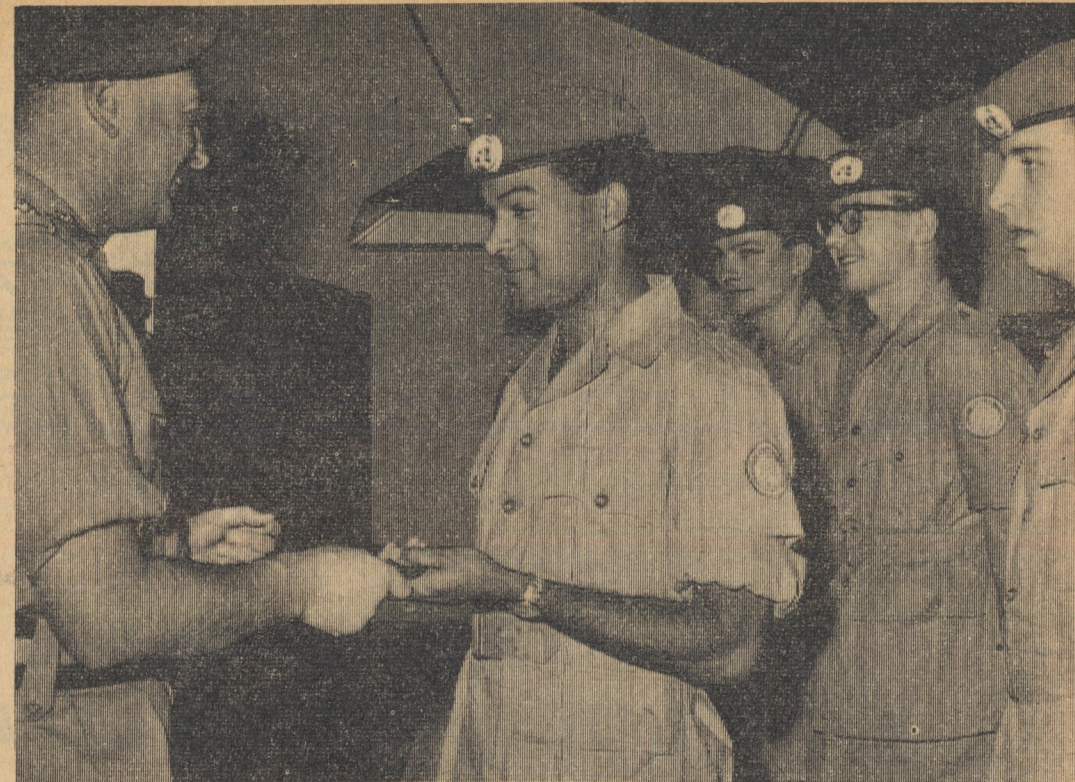

Fighting side by side Hussars and Gurkhas took the town of Medina in Northern Italy causing General Freyberg, the New Zealand Corps Commander to comment "That is the only formation the New Zealanders have admired from behind".

Since 1945 the 14/20th have served in the United Kingdom, Germany and Libya.

Bn. BASKETBALL SKILLS IMPROVING - THEY WIN!

IN a return Basketball match against Morphou on 1st May, the 42nd Bn team again had to admit defeat, although only by the narrow margin of 3 pts. This was a hard-fought, exciting game, with the issue in doubt up to the final whistle. The Irish team missed several easy scoring chances, and had some of their forwards been 'on the basket', they could have won this game comfortably.

On Thursday 6th May, 42nd Bn scored their first Basketball victory in Cyprus with a good win over UN. HQ team in Nicosia. The 42nd went into an early lead with good baskets by Jimmy Murray, Jackie McLoughlin and Pat Caffey. The UN. HQ. team, drawn mostly from the British Army, fought back well, and at the end of an exciting first half the Irish team was ahead by 8 pts. The pattern of the game remained the same in the second half - the 42nd having the 'edge' all the way over their opponents. The final score was 42nd Bn - 36 pts. UN. HQ. - 24 pts. After the game the Battalion team and supporters were guests at a very enjoyable party in The Signals Club. Basketball coach Paddy Sheriff and his "Group 5" soon swung into action. With the support of the heavy mortars, the Irish soon took over from the six nationalities present. Credit must also be given amidst several charges and 'counter' attacks to "Slattery's Mounted Foot", "The Boys of Blue Hill", and "The Rakes of Mal-low", but it was "The Legions Last Patrol" with Frankie McDonald i/c that slayed them all. At the end, as the 42nd made a tactical retreat to HQ they were cheered to the echo.

Preparatory work for the erection at Skouriotissa of what was to be the biggest "big top" in Cyprus lasted several days. For this S & T Hangar, rows of tents were moved, ground was levelled and all available manpower harnessed to the task.

Special arrangements were made to cope with haulage difficulties. With fear and trepidation of the Herculean task of pitching, the reception committee lined up. On arrival, the truck driver lifted a bale of tentage with ease and handed it over. With mixed feelings of consternation and relief it was opened up. It measured 12 ft by 6!

Heartiest congratulations to Sgt Carolan and his Group soccer team on bringing off somewhat of a surprise in defeating Evagoras who recently won the Cyprus 2nd Division. Rumour has it that Captain Con Keaney will not be retained for next season.

Swimming and sunbathing at Coral Bay maintains its popularity. Officers of 'A' Coy were noted reading their manuals between dips. Due to insufficient kit T.O.E.T's can not be held at this stage.

HAPPY BIRTHDAY

Queen's Own Rifles Observe 105th Birthday - It's History

MONDAY, 26 April 1965, was the 105th Birthday of the Queen's Own Rifles of Canada.

In 1859 the government of the British provinces of Canada proposed a widespread militia reorganization to meet increasing threats from the United States.

One move of this reorganization came on 26 April 1860 when six independent militia companies in Toronto, Barrie, and Whitby, Ontario were grouped together to form the "2nd Battalion, Volunteer Militia Rifles of Canada." The 1st Battalion had been formed some months previous in Montreal.

Within three years this battalion was renamed the "2nd Battalion, The Queen's Own Rifles of Toronto." Later in 1882 this militia force became the "2nd Battalion, Queen's Own Rifles of Canada." Subsequent name changes established the unit as a regiment with the title "The Queen's Own Rifles of Canada."

Since the 1860's the Queen's Own Rifles of Canada has seen action in every campaign that Canadian forces have been engaged — The Fenian Raids, The North West Rebellion of 1885, The Boer War, the two World Wars and Korea.

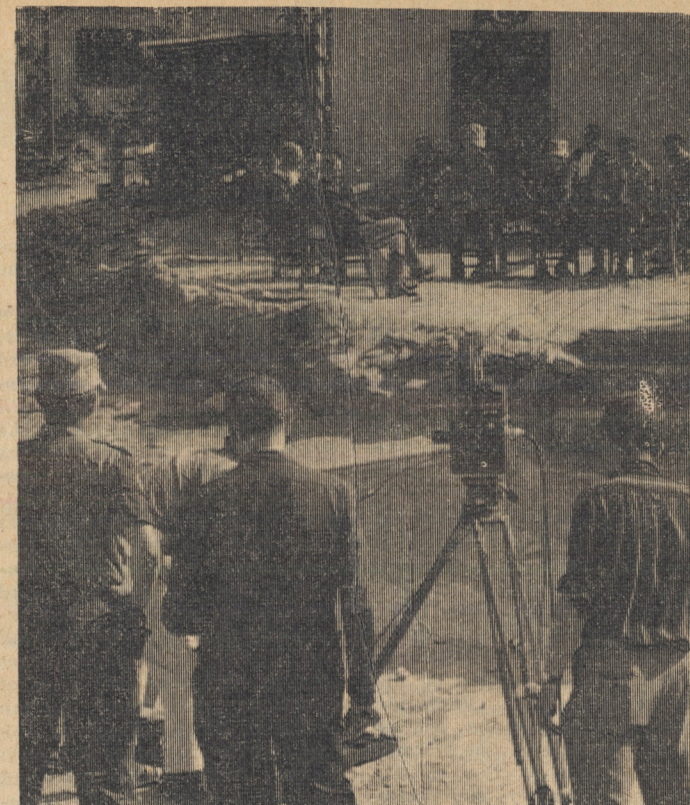

It was only in 1953 however that the Queen's Own Rifles of Canada became a unit of the Canadian Regular Army. In this

year the 1st and 2nd battalions "Canadian Rifles," ad hoc battalions formed from various militia units for NATO service, became the 1st and 2nd Battalions The Queen's Own Rifles of Canada. The original militia unit then became the 3rd Battalion.

Today in 1965 the regiment includes two Regular Army Battalions, one militia Battalion and a recruit training depot all of whom remember the 2nd Volunteer Militia Rifles of the 1860's by the figure "2" surmounting the maple leaf of the Regimental badge.

In Cyprus the 1st Battalion remembered their founding in many ways. The rifle companies wherever possible undertook barbecues or special dinners for the NCO's and men not immediately involved in peace keeping duties.

The officers and Senior NCO's of the Battalion both held barbecues at Templestowe high above Kyrenia. Both functions were reported to be successes with guests invited from amongst the local re-

sidents, the office of the Canadian High Commissioner, the other Contingents and Headquarters staffs.

Martin Visits "Queen's Rifles" in Kyrenia

IN an unseasonably overcast 5th of May morning the Canadian Minister for External Affairs, Mr Paul Martin, arrived in a UN "Wessex" helicopter at Templestowe, site of the battalion headquarters of the 1st battalion, The Queen's Own Rifles of Canada.

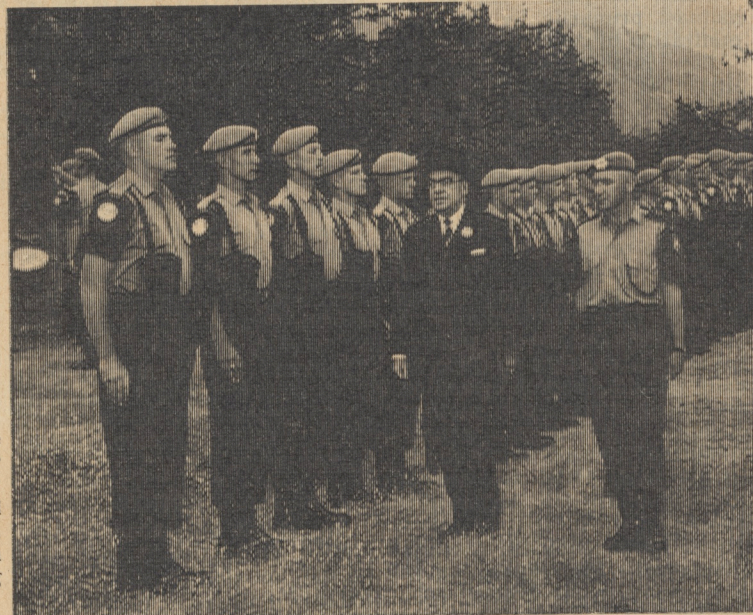

Upon landing, the minister was met by Lt Col CL Kirby, the Commanding Officer accompanied by the adjutant, Capt JL Sharpe, and the RSM. WO1 KH McLeod.

A few hundred yards distant, a fifty man guard of honour backed by the "Battalion Bugles" stood ready to do honours to the minister. On the appearance of the minister the guard, formed by men of "B" Company and commanded by Capt RL Cowling, presented arms smartly and were subsequently inspected by the minister.

After commenting upon the appearance of the guard, Mr Martin, followed by the ever present journalists, proceeded to the Officer's Mess for a briefing by Colonel Kirby on the battalion's peace keeping jobs.

Coffee and a brief meeting with personnel from Mr Martin's constituency of Windsor Ontario followed.

With only half of his whirlwind tour over, Mr Martin travelled by car to Temblo to observe Canadian troops involved in actual peace-keeping duties. In Temblo, Mr Martin met and spoke with the NCO and riflemen of the post besides the myriads of

villagers. From Temblo, Mr Martin returned by car to board his helicopter.

The minister then flew almost straight up to "Hilltop" outpost on the very top of the ridge east of Kyrenia pass itself. Upon completion of his visit to this isolated post the

minister returned to Nicosia and thence home.

Although the visit was a high speed affair leaving the hosts panting, the minister no doubt gained insight into the problems faced by Canadians in helping to keep the peace on Cyprus.

ations in Cyprus in the establishment of which Canada had played an important part.

These operations, the Foreign Minister said, had been successful and anyone who doubted this might ask himself what could have happened had there been no UNFICYP. He made reference to a speech he had made earlier in the day to some Canadian soldiers in the Kyrenia hills in which he said UNFICYP was a part in the process of establishing what would ultimately be the way in which nations would settle their differences, not by intervention on the part of individual nations but by United Nations intervention. This was a noble undertaking and Canada was glad to be able to support it.

Mr. Martin said his conversations with the Foreign Minister of Cyprus, Mr. Spyros Kyprianou, had been useful but he added that Canada could not express any political views on substantial issues. He said that mediation was the concern of the United Nations; nevertheless, he said, "I hope that the day is not distant when peace will come to this island". He concluded with expressions of warm friendship and peace to Cyprus.

"Early Bird"

Security Council Session "Live" on European T.V.

For the first time, proceedings of the Security Council were transmitted "live" last week on 3 May as a news event to Europe by United Nations Television via a communications satellite.

From 4:40 to 5:05 p.m. (EDT), United Nations Television broadcast "live" to Europe via the Early Bird communications satellite portions of the Security Council discussion on the situation in the Dominican Republic, a question brought before the Council by the USSR. The transmission carried "live" portions of the statements of Adlai E. Stevenson of the United States and Fernando Alvarez Tabio of Cuba, and by telefilm recording, of Nikolai T. Fedorenko of the USSR, who spoke before the transmission started.

In earlier instances, the ceremonial opening of the seventeenth and eighteenth General Assembly sessions were transmitted via Telstar, Relay and Syncom.

Last week's broadcast of the Security Council proceedings was originated by the United Nations at the request of the EBU (European Union) and the OIRT (International Radio and Television Organization). It was transmitted "live" as a news event to the following members of the EBU: Belgium, Denmark, Finland, Federal Republic of Germany, the Netherlands, Norway and Sweden; as well as to the following members of the OIRT: Czechoslovakia, German Democratic Republic and Poland. The broadcast was also

retransmitted at a later time to other members of the OIRT.

Earlier the same day, from 10 to 10:30 a.m. (EDT), United Nations Television also originated the first point-to-point transmission from North America to Europe over the Early Bird communications satellite. This half-hour transmission carried news broadcasts by four correspondents accredited to the United Nations, coming from Italy, Finland, Norway and Sweden, and their interviews with the representatives of Italy, Finland and Norway. The broadcast also carried several musical selections performed by the United Nations Singers, who will shortly be proceeding on a concert tour in Europe and visiting several of the countries which received today's United Nations transmission.

UN Urges British Action To Widen Rhodesian Rule

The United Nations Security Council last week asked Great Britain to take all necessary action to prevent a unilateral declaration of independence by the minority Government in Southern Rhodesia.

The request was made on the eve of the elections which African nations feared would be a prelude to a move to entrench minority rule in Africa.

The Council's action on Southern Rhodesia came in the adoption of a resolution submitted by the Ivory Coast, Jordan and Malaysia. The resolution asked Great Britain not to transfer any of the powers of sovereignty to the colony as present governed but to promote the attainment of independence on the basis of a majority rule.

Britain was asked to consult all concerned with the view to calling a conference of all the political parties to draw up a new constitution acceptable to the majority, so that the earliest date might be set for independence.

I am conveying to Your Excellency my sentiments of solidarity with Government and people of El Salvador in this hour of great trial. Dominican Republic Debate at UN

(Continued from Page 1)

nization of American States' resolution setting up an Inter-American force to send to the Dominican Republic figured prominently.

PRO AND CON

The first speaker during this session was Ambassador De Beus of the Netherlands. He said the issue should be handled primarily by the Organization of American States.

The Netherlands Delegate said that the United Nations Charter specified that in case of a dispute, Members should first of all seek a solution by means such as that of regional organizations, and that the Security Council should encourage this procedure.

Mr. Arsene Usher of the Ivory Coast said his country opposed the overthrow of a lawful Government by unlawful means, and that no Government should dispatch armed or un-armed units to another country without a request from that country; this applied, he said, both to armed forces and to subversive agents.

Mr. Usher said the Council should seek the withdrawal of U.S. troops along with the freezing of the situation and a restoration of normal conditions. As a practical matter, he said, this could not be done without the cooperation of the O.A.S., which had proved itself in the past.

The Dominican issue was taken up by the Security Council at the instance of the Soviet Union.

Ambassador Nikolai Fedorenko earlier last week said that the U.S. initially used a

thoroughly false thesis of saving American lives to launch what had become a full-scale invasion of the Dominican Republic with frankly imperialist designs. He said the U.S. had invoked the usual false charges of communism to justify the military occupation and it was using the Organization of American States as a screen for its illegal intervention in the internal affairs of the small Latin American State.

The Soviet call for a Council condemnation of the U.S. action and demand for withdrawal of U.S. troops was supported by Mr. Fernando Alvarez Tabio of Cuba, who asked to participate in the Council's debate as a non-member. Once again, he declared, Latin American soil was being trampled by the "Yankee boot" and Latin lives were being "cut down" in order to secure a Government obedient to orders from Washington.

O.A.S. ACTION

Mr. Adlai Stevenson of the United States said that the recent uprising in the Dominican Republic was initially of a broad democratic inspiration, but armed communists rapidly moved to a position of decisive influence as part of a deliberate effort of Havana and Moscow to promote subversion and create unrest in the Caribbean. He assured the Council that the U.S. had no intention of seeking to dictate the political future of the Dominican Republic, and that it would continue to work with the O.A.S. in assisting in the

return of a constitutional Government.

Pointing to the O.A.S. decision to send an inter-American force to the Dominican Republic to help restore peace and normal conditions, Mr. Stevenson asked the Council to keep the issue under review until the O.A.S. had completed its work and the people of the Dominican Republic have been able to exercise their own political choice.

Mr. Carlos Maria Velazquez of Uruguay declared that the United States had engaged in an arbitrary unilateral action which contravened to inter-American non-intervention agreements. The Johnson doctrine, he said, ran against the right of self-determination and was entirely foreign to the inter-American system, which prohibited any kind of intervention in the internal affairs of a State.

Mr. Fernando Ortiz Sanz of Bolivia said the first requirement was to restore an atmosphere in which truth could be discerned and self-determination applied.

Mr. Roger Seydoux of France said it would appear that the large-scale intervention was taking place without an evident justification and in favor of a faction opposed to those laying claim to constitutional legitimacy.

Lord Caradon of the United Kingdom said the Council could best serve the cause of peace in the Dominican Republic by supporting O.A.S. moves looking forward to a free choice by the Dominican Republic.
