MISSING UNITED NATIONS PERSONNEL

STILL NO NEWS

SINCE THE DISAPPEARANCE LAST WEEK OF MAJOR MACEY AND DRIVER PLATT NO INFORMATION HAS BEEN RECEIVED OF THEIR WHEREABOUTS. FOOT PATROLS AND HELICOPTERS HAVE SEARCHED THE AREA WHERE THE TWO MEN WERE LAST SEEN — GALATIA IN THE NORTH-EASTERN PART OF THE ISLAND, ON THE AFTERNOON OF SUNDAY 7TH JUNE.

Major Macey is reported to have said that he was returning to Nicosia after leaving Galatia at about 1515 hrs. There have been no further reports of his movements since that time. The Land-rover, 94 DP 21, in which they were travelling has not been seen either.

Mr. Rolz-Bennett, Deputy Chef de Cabinet of the United Nations, who paid a short visit to the island, said as he was leaving Cyprus on 9 June “We are seriously concerned about the disappearance of a United Nations officer Major Macey and his driver. I trust their whereabouts will be known shortly.

Mr. Calo Plaza, the special representative of the Secretary-General of the United Nations, stated at a Press Conference on Wednesday 10th June that “we have been deeply concerned with the disappearance of Major Macey and his driver,” and “we are following every clue.”

On the same day Lt. Gen. P. S. Gyani, the Commander of UNFICYP, communicated officially with the Minister of the Interior, Mr. Georgadjis, reporting on their disappearance and expressed his deep concern, adding for every possible assistance in searching for them. A copy of the letter was also given to Dr. Kutschuk, the Vice-President of the Republic.

Every possible effort has been and is being made to locate the two missing persons. The UNFICYP Civilian police are responsible for overall coordination of the search which includes helicopters, light aircraft, military and police patrols with the help of the Cyprus police.

Everyone is asked to help in this search. Any scrap of information, however insignificant it appears, could help in finding Major Macey and Driver Platt. Do not hesitate to contact your unit immediately.

DECREASE IN ACCIDENTS.

Since the appeal in “The Blue Beret” on Monday 1st June for drivers to be more careful when travelling on the roads of Cyprus it has been reported by the traffic department of the UNFICYP Military Police that there has been a marked decrease in accidents in UNFICYP. In the last two weeks three accidents of a minor nature have occurred, and it has been noticed that drivers are being much more careful. To aid them, more patrols and speed checks are in operation on all roads.

The decrease in accidents is encouraging and drivers are urged to continue driving with care and courtesy at all times.
LETTER FROM
HANS WOLLIN

Dear Bir,

On a 25 year old python of the Royal Gendarmerie of Sweden, deployed in Poland as a coot with 1. I come from Finland, a small village in the south of Sweden, members three thousand men, a staff of 2.000, and a regular schedule meeting in Stockholm. At the time of the battle, there was a strong wind, a snowstorm, and a heavy fog, making it difficult for our troops to maintain their position. As for my military career, I have been with National Services in the Royal Gendarmerie for 25 years. We sailed around in a small boat, and I found a great satisfaction in battling against the enemy. I will be 70 this year, and I am looking forward to retirement. I hope to see you soon.

I look forward to hearing from you.

Best regards,
Hans Wollin
