Turkey Makes Contribution To UNFICYP Costs

In a letter dated 31 October, the Permanent Representative of Turkey to the United Nations, Mr. Orhan Eralp, informed the Secretary-General of the United Nations that in response to the appeal contained in his letter dated 8 May, 1967, the Turkish Government had decided to make a voluntary contribution of $263,819.24 to UNFICYP OPE-RATION expenses for the period of December 1966—June 1967.

Over 100 officers, men and families attended and observed the two-minute silence which was preceded by The Last Post and closed by The Reveille sounded by Lcpl. David Hogg and Bugler John Bain from the Greenjackets. (See photo above).

Padre Yokes also conducted an earlier service at Polemidia Camp for the Greenjackets.

UNIFCYP HQ DROPS THRILLER
TO Y AND L XV

In this thriller played at RAF Nicosia on Wednesday 11 November, HQ UNIFCYP Rugby team came very close to beating the much vaunted Y and L XV. Right from the start, HQ UNIFCYP running and handling brilliantly, caught Y and L in complete disarray, and scored in the sixth minute with a penalty by even.

Outpacing, out-thinking and handling the ball so much better than Y and L, HQ UNIFCYP dominated the first half. In the tenth minute HQ’S McClusky beating three men with perfectly balanced swerves scored a superb try. Two minutes later Fennell increased HQ’S lead with a scintillating drop kick. Tomata and Fennell made the running for another try, Cumming’s bulk and impetus finishing the move.

Half time score: HQ UNIFCYP 15, Y and L 3.

In the second half Y and L started to play fast open football and they were soon rewarded by a try which was converted. Being a much heavier side, Y and L were now making this weight tell, but HQ UNIFCYP were not finished yet as they proved when they shocked Y and L again with another brilliant drop goal by Fennell.

From then onwards it became apparent why the Y and L have the reputation of being the best XV on the Island.

Final score: HQ UNIFCYP 18, Y and L 25.

This sign has been erected at the entrance to HQ UNIFCYP to record the progress of UNIFCYP Road Safety Week. Regrettably the green light has burnt for only a mere few hours. Drivers must now make a special effort to get it back on again.

SECURITY COUNCIL CONTINUES
DEBATE ON MIDDLE EAST

The fifteen-nation United Nations Security Council met in New York last week to resume consideration of the situation in the Middle East to which it has been attempting to find the beginning of a lasting solution ever since the cease-fire was achieved between Israel and her Arab neighbours last June. The request for a renewed consideration of the problem by the Council was made by the United Arab Republic in a letter addressed to the President of the Security Council, Mr. Mamadou Kante of Mali, earlier last week. The UAR Delegate to the United Nations argued that an urgent session of the Council was necessary by a ‘dangerous situation’ resulting from Israel’s persistent refusal to withdraw from the Arab territories it had occupied consequent upon the recent conflict.

For several weeks the Council Members had been holding private consultations which had failed to produce an agreed formula on steps to be taken to achieve a lasting settlement.

Two draft resolutions have been submitted for the Council’s consideration. India and Nigeria have proposed that the Secretary-General dispatch a special representative to the area to contact the States concerned and “coordinate efforts” to achieve a settlement in line with the series of governing principles set out in their draft. The United States also submitted a draft resolution which would have the Secretary-General designate a special representative to contact the parties concerned. The two drafts differed, however, in the manner in which they spelled out the mandate to be given to the Secretary-General’s representative and in the emphasis they gave to the principles which should govern an ultimate settlement.
