**Secretary General Views Middle East**

In a special report on the situation in the Middle East to the Security Council, the Secretary General recalled that on 21st April last he reported that the Security Council cease fire had become almost totally ineffective in the Suez Canal sector and that a virtual state of active war existed there.

Since the war of June 1967, the level of violence in the Middle East has never been higher than it is at present.

**UN Military Observers**

Referring to UN military observers he declared "although carrying out their duties with a devotion worthy of the highest praise, they now do so under continuous danger. In the month of June alone, there were twenty one reported incidents of firing by UAR forces and five by Israel forces on UN personnel and installations. "It is unreasonable", he said, to ask men however well trained, disciplined and courageous they may be, to continue their duties under physical and mental conditions induced by recurrent firing upon them. These are unarmed men doing their best, who cannot be expected to serve as what amounts to "defenceless targets in a shooting gallery." He went on to mention the possibility of the withdrawal of the observers.

**Egyptian Response to U Thant**

Dr Zayyat, the official spokesman in Cairo, is quoted as saying "the (Secretary General) has every right to be worried, he should worry not just about the situation in the Middle East, but about the future of the United Nations". Dr Zayyat also is quoted as saying that "we consider ourselves at war."

1st Bn The Worcestershire Regiment Triumph Again

MAJOR UNITS CHAMPIONS FOR THE SECOND YEAR

It was a fitting farewell that their last appearance at Bisley, England, before their amalgamation, the Worcestershire Regiment should win the KRG Cup, the Major Unit Championship. The Regiment were the defending RVH Cup winners and have never won the trophy before. Leaman was the team captain and had the past four years and it does them great credit.

Best individual performance this year is that of Major John Bryant who narrowly missed winning the RVH Cup, the Kinnaird Cup, and the Queen's Medal by only twelve points behind the national champion. But 2015 he won the Silver Jewel award, and won "with a chance" in the RM Army Right.

Cpl Ceaven and Sherriff were the best Class (A) shots, again in the Worcestershire and Liddell Cup.

Among the highly regarded elements of the Canadian Contingent in the Camp Maple Leaf warehouse — supplier of the “goodies.” Under the supervision of Sergeant Georges (Les) Lessard, his “mighty four” are responsible for catering to the requirements of all Canadians serving on the Island of Cyprus.

The warehouse stock has a vast range of products from cigarettes, peanuts and beverages to specialty items. Most of the supplies come to the island from Canada. After flying the Atlantic they are stored at the Central Warehouse at Lehr, Germany. One Yukon flight a month carries the needs of the Canadians to Camp Maple Leaf.

Business booms. In a recent three-day period a total of nearly 19,000 dollars worth of items were sold to the various Canadian masses in Cyprus.

“One of the greatest morale builders on the island,” Sergeant Lessard claims, “we are small, but we’re mighty”.
