The brief encounter between President Makarios and the Vice-President Dr Kuchuk in the opening of the assembly at the Ledra Palace on 7 Sept. is as well referred to in the WFUNA resolution, which pronounces confidence that this contact will "bear fruit" in the continuing Cyprus local talks.

WORCESTERS' MEN OF MUSIC

An important part of any Infantry Bn is its Regimental Band. The Band, coupled with the Regimental Corps of Drums, form together to play a leading part in the Ceremonial presentation of the Bn.

In the UN Forces in Cyprus however, the Regt Band really assumes the role of the Force Band and plays for any and all the contingents that do not have a Band of their own.

The Regt Band of the 1st Bn The Worcestershire Regiment has been extremely busy fulfilling all these tasks during their tour in Cyprus.

The Regimental Band is a very versatile organisation and in addition to its major role, that of a Military Band, it is capable of producing the following:

A. Dance section: A Dixieland Band; Old Time Dance Band; Pop Group; Choir.

The Military Band has played at Medal Parades at DANOON, FINCON, SWEDCON and HQ UNIFCYP as well as playing at concerts for both the Greek and Turkish communities.

Key figure in the Band is of course the Bandmaster, WO Ted Boynton, whose name has become a household word in the Island as a result of his brilliant presentations of the Band Concerts at Curium and Balaenia. Ted has a tremendous flair for producing a concert to suit all tastes and rarely have we seen an audience participation like that at the last three concerts.

Bandmaster Boynton regards the highlights of the tour to date as: The Banding of Retirees at Polemidia on 1st June and the three concerts at Curium and Balaenia, but says "We thoroughly enjoy all our performances and if the spectators enjoy it as much as we enjoy playing then we are well satisfied".

The Band and Corps of Drums will be present during the Ceremonial Guard Mounting at HQ UNIFCYP on 27 Sept.

HOLIDAY TIME

Many wives of Canadian servicemen have been able to visit their husbands on the "island of Romance" during his United Nations leave period.

Most choose to come toward the end of their husband’s tour of duty, and nearly all have been able to stay for at least one week. Arriving by service flight, they usually take a quick look at Camp Maple Leaf and then embark on a "second honeymoon" in Kyrenia or Famagusta, seeking swimming and a Cyprus suntan to take back home.

Visiting historical sites, old churches and rugged ruins of civilization past is also a favorite. Quite often "hunny" splurges for a rented car, putting the Troodos Mountains and Limassol within easy reach.

One wife recently commented that her trip was a "dream-vacation." She had never journeyed out of Canada before and the experience was one she will remember for a long time.

Kind of makes the Cyprus tour interesting, doesn’t it Hubby?

Accidents — Unficyp

Week ending 13 Sep 69: 8
Same period last year: 8
Total this year: 281
Same period last year: 326
Main cause of accidents this week: FAILING TO YIELD
RIGHT OF WAY.

Drivers must realize that Right Of Way is not an inherent
right, but is a rule to obtain a smooth flow of traffic at
intersections and road junctions. Let it be our rule, as defen-
sive drivers, to Yield Right Of Way—and never enforce it.

Contingent was responsible
for the benches.
The actual building was
done by the staff of the
Austrian Field Hospital.
Other contingents have
promised their assistance for
the remaining construction
work to be done. Moreover the
68 Scout Troop in Akrotiri has
informed the Commanding
Officer that it would like to
assist in the construction
work.

What A Burn Up!

A very peculiar thing happened
recently at Headquarters Unficyp
— a fire broke out half way up
a telegraph pole.

Nobody at present can give a
logical explanation but the few
suggestions heard so far are:
- Force Commander using the
“Hot Line”
- An “Eager Beaver” from Camp
Maple Leaf
- A ten foot tall firebug
- A severe case of suntan

Whatever the explanation the
recent high winds finally brought
the pots down.
