Under the Master Cook, WO 2 Geoffrey Howe, the catering staff at Polotchy produce 450 meals a day. This includes 2 cwt of chopped potatoes and mountains of salads and vegetables. JULI - ROTATION 1974

WENN diese Nummer der "BLUE BERET" erscheint, sind junge Soldaten, die für die erste Juli-Rotation vorgesehen waren bereits in der Heimat. Ihnen und allen Soldaten, die mit der zweiten Rotation heimkehren, danken wir für die ausgezeichnete Dornetleitung, die sie in den schwierigen Monaten des Aufbaus in unserem neuen Distrikt vollbracht haben.

Die Anzahl der als bei seiner Abreise aufkamen, blieb eine echte Donkermesser.

Guten Zeiten möcht der Fotograf des AUSCON entgegen, er ist nicht mehr heimatlos. Unsere Pioniere, denen die Aufgabe gestellt war, ein Fotoalbum zu erstellen, gingen wie immer mit Eifer und Interesse an die Sache heran, und das Ergebnis konnte nicht schlecht sein. Tischler, Elektriker und Installierteinrichter überwältigen die zahlreichen Probleme, die die Bau eines Donkermusters mit sich bringen. Einfach kommt das moderne Gerät, das uns zur Verfügung gestellt wurde, schaukelsicher aufgestellt und untergetaucht. Wir möchten an dieser Stelle allen danken, die die Errichtung des Fotolagers ermöglicht haben, besonders auch den Pioniern, denn sie haben unsere Aufgaben um vieles erleichtert. Die endgültige Unterbringung des Labors liegt allerdings in den Händen höheren Macht, die uns wohl die Möglichkeit zur Entwicklung jedoch nicht zur Vergütung geben.

THE BLUE BERET

CANADA DAY - CYPRUS 1974

Its 0730 hrs on 1 July 74, the place: - Klondyke village, Woketery Barracks, Nicosia, Cyprus. The scene: beach, barbecues and scenery. The reason: one day to be served in peace, the Canadian Contingent has an "Open House" for Canada Day celebrations.

This year's theme is a musical surprise as raucous as the Klondyke Days celebrations, is the home location of No 1 Canadian Wing, the Canadian Air Force Regiment. This was officially dedicated as the "Memorial" band of the Canadian Air Force Regiment, with one hundred and fifty members of the Canadian Wing at the parade. Of interest also, is the fact that the newly-appointed regimental quick march, "CANADA A", was played for the first time in Cyprus, courtesy of the Fifes and Drums of the 2nd Battalion, Coldstream Guards.

Anyway — back to the Klondyke morning: while over three hundred guests were sampling the traditional breakfast fare, isolated traditional activities were occurring such as the "monster" bored and moustache judging competition, egg cutting and throwing and "Spot Checking" the "most Canadian" Mr. Jack Demeuer and Mr Mike McGeough by kind permission of 1 Airbase Field Police. The morning programme was also due to see films on the Canadians in the "Cold Never Fades" series and also to see the Canadian Wing "Canadian" sun snack on the lawn. All activities were given a poke in the eye by the Canadian "Baron" led by Captain George Rowley OBE, Canadian Wing Pioneer Officer. After breakfast, everyone moved to the sports field to witness the world championship donkey race — Logistical Company's team had no difficulty in overpowering the opposition, a few wayward spectators were given a fright. The Grand Final of the morning was to have been a western-style grease pig competition: the greased pig, however, was more interested in "piloting" to all the pretty girls.

The Mark V parade in the afternoon was a memorable one indeed on the Force Command, Major General D. Prechord, P/O/M, joined the Uniforce parade as a representative connection of the Canadian Group - the first time a formal unit of the Canadian Air Force Regiment was present. Following the parade it was attended by members of all the other Canadian units on Uniforce, including the Flying Officer and the Turkish Canadian groups. The parade was held at 1430 hrs and had already started when the Canadian Wing arrived, the "Canadian Contingent" and the Canadian Wing Juniors.

The parade of the afternoon — the only thing missing was the "parachutes"!!

LA FÊTE DU CANADA A CHYPRE

La scène était un mélange de musique et de danses traditionnelles, avec des chansons et des danses traditionnelles du Canada.

Vous avez certainement pu voir que lesenzein a été célébré le 100e anniversaire du Canada. La ville de Nicosia a organisé un événement pour célébrer l'anniversaire du Canada. Les habitants des villes et des villages ont célébré le Canada par des concerts et des spectacles. La ville a également organisé un festival de musique et de danse pour célébrer l'anniversaire du Canada.
